Implico Showcases Core SAP Solutions at ASUG Best Practices: SAP for Oil, Gas, and Energy 2023

Dallas (USA) September 13-15, 2023 – Implico, a global leader in providing digital solutions for the supply chain of natural resources and energy, is proud to announce its participation in ASUG Best Practices: SAP for Oil, Gas, and Energy 2023. Organized by SAP, this three-day conference is set to take place in Dallas, USA, where industry leaders, peers, and Implico's own SAP customer target group will converge for an immersive and enlightening experience.

Key Highlights:

Panel Discussions & Speaker's Slot: Implico will underscore its leadership position in the OGE industry through customer-led presentations. Attendees can expect insightful discussions showcasing how Implico products have transformed and optimized businesses worldwide.

Unveiling at Booth #5: Implico invites participants to visit Booth #5 for an exclusive look at the brand, which is designed to underline the company's position as an industry leader. This conference platform will serve as a hub for making global customer connections, further reinforcing Implico's dedication to enhancing supply chain efficiency.

The Implico Approach: With 40 years of expertise at its fingertips, Implico leverages technological advancements to develop innovative solutions tailored to customers' specific needs. At the heart of its portfolio is the ability to future-proof businesses through consultation (UnitedBPA) and make services increasingly accessible via the cloud (SCU). Appification is a key focus, empowering users to optimize processes and distribute products and services swiftly and efficiently.

Team Engagement: Implico's top-notch team will be on site to engage with attendees. The aim is to reinforce Implico's position with SAP, which has consistently driven the creation of new global customer leads through to the present.

Implico's goal for this conference is clear: to reaffirm its leadership position in the oil, gas, and energy sector. The brand is excited to connect with its industry counterparts, share knowledge, and uncover fresh avenues for collaboration.
